

# Create your own ... ... Capsule Wardrobe

## Does this sound familiar ?

- ◆ your wardrobe is full of clutter
- ◆ you have trouble deciding what to wear
- ◆ your fashion budget has been cut for 2018
- ◆ you want fewer clothes that give you more flexibility
- ◆ you have a challenge co-ordinating your wardrobe

## If so, this workshop is for you.

*It's not the cost of your clothes that matters, it's how often you wear them. So learn how to create your own Capsule Wardrobe – a wardrobe that works!*

## During the workshop we will cover:

- ◆ what a capsule wardrobe is
- ◆ the benefits of having one
- ◆ how to do a wardrobe audit
- ◆ creating a wardrobe that reflects your lifestyle
- ◆ investment pieces
- ◆ capsule cosmetics
- ◆ action-planning for the future

*You don't need a wardrobe full of clothes to be well dressed, you just need the knowledge to know what items should be in it and how to invest to impress.*
